Ontelaunee Township Municipal Authority

In an effort to provide more reliable communications with Residents and Businesses within the township, we have implemented Swiftreach Networks Inc., as our Emergency Notification Service provider.

Swift 911 in its simplest form is a system that will prompt alerts to specific people or areas in the event of an emergency or to share important information. This system can alert the customer through phone calls or text messages. Any message received from the Swiftreach System will have a caller I.D. of "OTMA" or "Ontelaunee Township".

In order to be added to the system please fill out the form below and return it to our office within 15 days. If you prefer, you may send an email with your updated information to:

otmunicipalauthority@comcast.net

If you have any questions please call our office at the number listed above.
