Public Input: Dave Druck brought up the parking situation at the old smoke shop in South Abington Township as it pertains to people parking to walk the Conservancy trail. The new owner put cones up so now people are parking along the street. It is a very dangerous situation with poor visibility. Malcolm will write a letter to South Abington Township about Glenburn's concerns about liability issues with people parking along Old State Road. Georgiann Eccelston suggested that the Conservancy could post something on the bulletin board about not parking along the road. Malcolm will write to Bill Kern about the situation as well and mention the posting something on the bulletin board.

Dave Druck asked about the Little League (LL) lighting situation and was told that Glenburn has had no further communication from LL yet. Malcolm did state that there was a safety issue involved and some lighting was needed last fall for people to exit the games safely in their vehicles. There was also discussion about dust control and Bill Wicks will contact the LL to discuss. Malcolm will memorialize the discussion in a letter to LL. Current LL contacts are Phil Medico and Ryan Mitvalsky. Malcolm thought that there might be grant money available for the LL to pave the roadway to the parking lot. Georgiann asked if any paving would include water management issues and was told that a storm water plan was in place from the initial project.

Marilyn Druck asked about the unlicensed vehicles behind Butch Colombo's shed. Malcolm said that the board could have Tom Wicks take a look at the situation. Bill Wicks volunteered to talk to Butch about the issue.

Mike Savitsky stated that the PennDOT crossovers are not being well maintained during the Route 6 construction project. They are very bad and could cause damage to vehicles or worse. Bill will speak to H&K, the contractor doing the work.

Supervisor Jennings motioned to adjourn at 8:28pm and Supervisor Wicks 2nd. All in Favor.

Respectfully Submitted,

Joanne Benson, Secretary/Treasurer
